26% of our
staff have
been part of
our team for
5 years plus

The ONLY Recruitment Agency providing full occupational health care and support

Agenda recognises the importance of providing professional occupational health care for its staff and several years ago appointed a dedicated occupational health therapist to work with our technologists, assist in their understanding of common research facility health risks such as Lab Animal Allergy and to provide expert help and health advice to our technologists... Embracing Social Media

Did you know you can now find Agenda Resource Management on your favourite social media sites? To enable our team to enhance communication with our clients and our candidates we have embraced social media technology during 2011... [Read More](#)

Salary Survey

The ONLY Salary Survey you will ever need!

In this demanding economic climate, the pressure on public sector funding, restructuring of research organisations and redundancies it has never been more important to have accurate salary and benefits information. Whether you are seeking employment or seeking to employ animal technologists there is only one definitive source of up-to-date compensation package information... [Read More](#)
